48 - 144 qty
\$8⁵⁰

2-Color Imprint
Standard

Faux Laser Imprint
Optional

Laser Engraving
Add \$2.00 per unit

Make Your Mark

Use a 1 or 2 color imprint to boldly emblazon your logo, or go the subtle and sophisticated route by opting to laser-etch.

The Look & Feel of Quality

- Weight of glass, longevity of plastic
- Crystal clear, no clouding
- Keeps drinks colder longer
- Dishwasher safe: industrial and residential
- Microwave safe

BPA Free

Made in the USA

FDA Approved

Recyclable

Setup Charge: \$50.00 . Price includes up to a 2 color imprint. Add \$2.00 per piece for laser engraving (not available on SHOT).

Keep Your Cool

- Produces less condensation than traditional glass
- Keeps drinks cooler longer than glass

Merging Science & Functionality

symGLASS is a recognized leader in organic molecular glass products. Instead of working with existing polycarbonates and plastics, which all have flaws, this product, pubWARE, is specifically engineered to replace traditional glass.

Mystique

Use heat to reveal a hidden message!

- » patented Mystique thermochromatic coating shows solid when the mug is empty but disappears when a hot beverage is added
- » use a full color image for the background for maximum impact when it's revealed
- » add a clue over the Mystique coating to hint at what's below

As you pour in a hot beverage, the unique thermochromatic coating disappears!

How Doming Works

Full color art is protected under a clear polyurethane coating. It shines, it catches the light, and it lasts. Your logo or image has increased longevity - there's less fading when it's under the dome.

Increasing Value

Making the investment in this decoration method pays off in perceived worth. And value motivates recipients to keep - and use - items.

Audiences and Uses

Professional: business card holders and badge clips
By the Pool: travel mug or iSound speaker
Gifts: wine stopper, corkscrew
Maintenance and Field Technicians: tape measure and key chains
